LOKESH KUMAR

Full Stack Developer (Java, Spring Boot, React)

Visakhapatnam, Andhra Pradesh | +91 7382931195 | lokeshkumar07012914@gmail.com

GitHub | LinkedIn | LeetCode | Portfolio

SUMMARY

Computer Science student skilled in Java, Spring Boot, React, and MySQL. Built and deployed two full-stack applications with secured REST APIs, role-based access, and responsive interfaces, and solved 150+ coding problems on LeetCode in Java.

EDUCATION

B.Tech in Computer Science and Engineering 2023 – 2027

Raghu Engineering College, Visakhapatnam CGPA: 8.2 / 10

Relevant coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems

TECHNICAL SKILLS

Languages	Java, JavaScript, Python, SQL, C
Backend	Spring Boot, REST APIs, Spring Security, JWT, Spring Data JPA / Hibernate, Maven
Frontend	React, Tailwind CSS, HTML, CSS
Database	MySQL
Tools	Git, GitHub, Postman, VS Code

PROJECTS

Flash Sale – Full Stack E-Commerce Platform Live Demo | GitHub

Java, Spring Boot, Spring Security, MySQL, React, Tailwind CSS

- Built a platform for time-limited sales with a customer storefront (browse, cart, wishlist, checkout) and an admin dashboard.
- Developed Spring Boot REST APIs secured with JWT authentication, BCrypt password hashing, and Customer and Admin roles; stored data in MySQL using Spring Data JPA.
- Deployed end to end: React frontend on Vercel, Spring Boot backend on Render, MySQL on Aiven.

Employee Management System Live Demo | GitHub

Java, Spring Boot, Spring Security, MySQL, React, Tailwind CSS

- Built an employee management app where admins add, edit, and delete employee records with form validation.
- Developed a Spring Boot REST backend with JWT login and role-based access for Admin and Employee users, backed by MySQL.
- Deployed with the React frontend on Vercel, Spring Boot backend on Render, and MySQL on Aiven.

EXPERIENCE

Python Full Stack Developer Intern – AICTE EduSkills Apr – Jun 2025 | Remote

- Built full-stack web modules using Python, SQL scripts, and RESTful routing.
- Wrote client-side and server-side form validation and relational queries to manage backend data.
- Rated Outstanding (Grade O) in the internship assessment and project evaluation.

ACHIEVEMENTS AND CERTIFICATIONS

- Solved 150+ LeetCode problems in Java across arrays, strings, linked lists, trees, and dynamic programming, documenting time and space complexity for each solution. Solutions on GitHub
- Certifications: Java Programming and Data Structures (ScholarHat); GenAI for Professionals (Udemy); Principles of Generative AI (Infosys Springboard).
